

CONDUENT HEALTHY COMMUNITIES INSTITUTE

Data Scoring Tool Report

County: Cuyahoga

Report Date: 5/2/2024

Summary

Conduent HCl's Data Scoring Tool provides a systematic ranking of your county's indicators to help set priorities for community health improvement. To read more about this tool, please see the Data Scoring Tool Methodology document. The Data Scoring Tool Report's summary includes the topics that are considered significant health needs, and indicators for which significant disparities were identified for your county. Following this summary you will find the full Data Scoring Tool results, including all indicator scores, all topic scores, and the indicators within each topic area that are considered a significant health need. Please keep in mind that this report is a snapshot in time, and only reflects the data that are current on Healthy Northeast Ohio as of the date the Data Scoring Tool was run. The findings from the Data Scoring Tool should be used, along with other considerations, such as community input, when prioritizing the health needs of your county.

Topic Scores

All indicator scores are averaged by topic area, to allow for a higher-level ranking of community needs. Resulting scores range from 0-3, where a higher score indicates a greater level of need. Below are the topic areas with scores of 1.50 or higher in your county. This is the cutoff used for a topic area to be considered a significant health need. Please see the results section below for the indicators that make up each of these topic areas.

Topic	Indicators	Score
Other Conditions	6	1.95
Prevention & Safety	7	1.91
Economy	53	1.80
Sexually Transmitted Infections	3	1.79
Education	19	1.70
Mortality Data	27	1.67
Community	45	1.66
Older Adults	28	1.66
Wellness & Lifestyle	10	1.63
Cancer	18	1.59
Children's Health	14	1.59
Alcohol & Drug Use	7	1.56
Maternal, Fetal & Infant Health	24	1.51

Identified Disparities

The Data Scoring Tool allows for the identification of significant disparities that may exist by race/ethnicity, age, and gender. Below are the indicators where significant disparities were identified in your county.

	County Di	stribution	Val	ue	Targ	get				
Indicator	State	US	State	US	HP2030	Local	Trend	Score	Precision	Age
