Sharing Knowledge to Create Healthier Communities

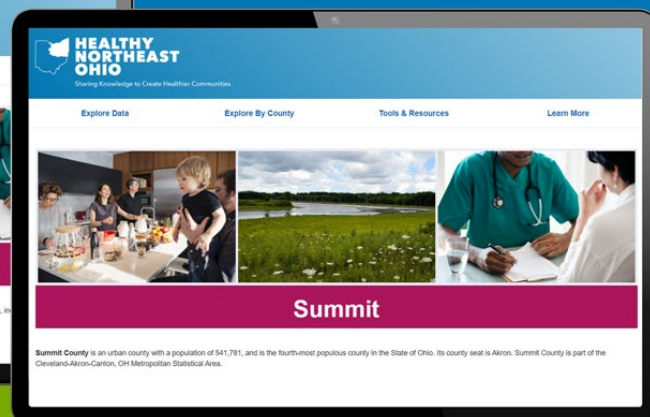

Dear Colleagues and Partners,

This year has continued to bring about change, but more importantly hope as vaccine distribution increases across the state, nation and world. Healthy Northeast Ohio recognizes the direct impact that the rapidly changing landscape of COVID-19 vaccine distribution has on each of our regional partners. We remain committed to supporting our regional partners by delivering high quality information and website features to serve community health efforts in Northeast Ohio.

In January, Healthy Northeast Ohio officially welcomed [Lake County](#) and [Summit County](#) to the web-based platform! These partnerships will promote continued collaboration in regional health improvement efforts. County-specific webinars took place in February to review website content and features. The [Lake County](#) and [Summit County](#) webinar recordings are available to be viewed and shared.

Healthy Northeast Ohio will be sending out this “Data Dispatch” quarterly to provide news and updates to regional partners. We thank you for your continued support as we work to improve health outcomes in Northeast Ohio!

Sincerely,
The Healthy Northeast Ohio Team

COVID-19 Update

The [COVID-19 Resources](#) page on the Healthy Northeast Ohio website has been updated to provide information about vaccine distribution information, including links to the major hospital systems and local public health departments. The page also features data links and resources from the Centers for Disease Control and Prevention and the Ohio Department of Health, as well as a direct link to our [COVID-19 resource library collection](#) with additional community resources. If you know of a COVID-19 resource to be added, simply click [here](#).

Site Updates

Resource Library

New collection titles have been added to the [resource library](#) to improve user's experience. Click on the "explore our collections" button to view collections of resources. These resource collections currently include:

- Adverse Childhood Experiences
- COVID-19 Resources
- Funding Opportunities
- Health Equity
- News and Updates
- Publications and Reports
- Webinars/How To

These collections will be regularly updated and maintained. Interested in submitting a resource? Click [here](#) to submit it for our program staff to review.

Food Insecurity Index

A new [Food Insecurity Index](#) is now available to Healthy Northeast Ohio visitors! The index is a measure of food access that is correlated with social and economic factors. An index value is given to all zip codes, census tracts, and counties in the Healthy Northeast Ohio region to help identify areas of need. Visit this specialty dashboard today to learn more about the index and the methodology.

CDC PLACES Data

New data from the CDC PLACES Project is now available on Healthy Northeast Ohio. A current list of the CDC PLACES indicators, including current levels of availability, can be viewed [here](#).

Training Opportunities

Are you interested in receiving an in-depth training about Healthy Northeast Ohio website features? Our team is available to provide content specific trainings of at least 30 minutes in length to a variety of audiences including staff, coalitions or committees, and other community members. [Contact us](#) today to schedule a training and further your exploration of population health data!

Partner Feedback

The Healthy Northeast Ohio team would like to hear from you!

We are seeking your feedback to help improve our planning efforts.

Provide your feedback today by taking this 2-minute survey.
